

Author statements

Please insert the relevant text under the subheadings below. A completed form must be signed by all authors. Please note that we cannot accept electronic signatures; all authors must sign by hand. Please complete multiple forms if necessary, and upload the signed copy with your submission, scan and submit as supplementary file.

Manuscript title: [Effect of recombinant insulin-like growth factor 2 \(IGF-II\) injected into the hippocampus on memory impairment and IGF-II gene expression following hippocampal intracerebral hemorrhage in rats](#)

Corresponding author: [Asadollah Zarifkar](#)

Article type:

Does your manuscript have a reference number? No Yes If yes, enter number here:

Does your manuscript have a handling editor? No Yes If yes, enter name here:

Authors' contributions

Please insert here the contribution each author made to the manuscript—e.g., literature search, figures, study design, data collection, data analysis, data interpretation, writing etc. If all authors contributed equally, please state this. The information provided here must match the contributors' statement in the manuscript.

[Farzaneh Vafae:](#) literature search, figures, study design, data collection, data analysis and writing.
[Asadollah Zarifkar:](#) Main coordinator, study design, data analysis, writing and editing.
[Masoumeh Emamghoreishi:](#) Supervisor in Molecular part, data analysis, writing and editing.
[Mohammad Reza Namavar:](#) study design, writing and editing.
[Marzieh Shahpari:](#) data collection, data analysis and writing.
[Amir Hossein Zarifkar:](#) data collection and writing.

Role of the funding source

Please disclose any funding sources and their role, if any, in the writing of the manuscript or the decision to submit it for publication. Examples of involvement include: data collection, analysis, or interpretation; trial design; patient recruitment; or any aspect pertinent to the study. Please also comment whether you have been paid to write this article by a pharmaceutical company or other agency. If you are the corresponding author, please indicate if you had full access to all the data in the study and had final responsibility for the decision to submit for publication. The information provided here must match the role of the funding source statement in the manuscript.

This work is supported by a grant from the Shiraz University of Medical Sciences, Shiraz, Iran (grant number: 95-01-74-11399), which was extracted from F. Vafae, PhD thesis. No financial support from another institution or company has been received.

Conflicts of interest

Please complete the ICMJE conflict of interest form, which is available at <http://www.gmj.ir>. Please ensure that a conflict of interest statement is included at the end of the manuscript, which matches what is declared on the ICMJE conflict of interest form.

Patient consent (if applicable) - completion of this section is mandatory for Case Reports, Clinical Pictures, and Adverse Drug Reactions. Please sign below to confirm that all necessary consents required by applicable law from any relevant patient, research participant, and/or other individual whose information is included in the article have been obtained in writing. The signed consent form(s) should be retained by the corresponding author and NOT sent to GMJ.

I agree with: the plan to submit to GMJ; the conflict of interest statement as summarized. I have had access to all the data in the study (for original research articles) and accept responsibility for its validity.
